**IN THE HOUSE OF REPRESENTATIVES**

Mr. CHAFFETZ (for himself and Mr. POLIS) introduced the following bill;  
which was referred to the Committee on \_\_\_\_\_

\_\_\_\_\_  
**A BILL**

To maximize land management efficiencies, promote land  
conservation, generate education funding, and for other  
purposes.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

3       **SECTION 1. SHORT TITLE.**

4       This Act may be cited as the “Advancing Conserva-  
5       tion and Education Act of 2016”.

6       **SEC. 2. FINDINGS.**

7       Congress finds that—

1           (1) at statehood, Congress granted each of the  
2 western States land to be held in trust by the States  
3 and used for the support of public schools and other  
4 public institutions;

5           (2) since the statehood land grants, Congress  
6 and the executive branch have created multiple Fed-  
7 eral conservation areas on Federal land within the  
8 western States, including national parks, national  
9 monuments, national conservation areas, national  
10 grassland, wilderness areas, wilderness study areas,  
11 and national wildlife refuges;

12           (3) since statehood land grant land owned by  
13 the western States are typically scattered across the  
14 public land, creation of Federal conservation areas  
15 often includes State land grant parcels with substan-  
16 tially different management mandates, making land  
17 and resource management more difficult, expensive,  
18 and controversial for both Federal land managers  
19 and the western States; and

20           (4) allowing the western States to relinquish  
21 State trust land within Federal conservation areas  
22 and to select replacement land from the public land  
23 within the respective western States, would—

1 (A) enhance management of Federal con-  
2 servation areas by allowing unified management  
3 of those areas; and

4 (B) increase revenue from the statehood  
5 land grants for the support of public schools  
6 and other worthy public purposes.

17 an appraisal that complies with the Uniform Ap-

4 the public land conveyed to the western State to  
5 compensate the Secretary for assuming the costs or  
6 other responsibilities.

7           (e) ADJUSTMENT.—If value is attributed to any par-  
8 cel of public land that has been selected by a western State  
9 because of the presence of minerals under a lease entered  
10 into under the Mineral Leasing Act (30 U.S.C. 181 et

19           (1) IN GENERAL.—The Secretary and the west-

1       veyed under this Act before the completion of the  
2       conveyance.

3       (b) WATER RIGHTS.—Nothing in this Act shall be  
4       construed to—

5             (1) create an implied or expressed Federal re-

7             (2) affect a valid existing water right.
